

NEED SHORTER LEAD TIMES? CALL MELTRIC!

*When your old electrical connectors fail,
who has time to wait weeks for replacements?*

Downtime costs money and causes frustration. Get your motors and equipment up and running quickly with MELTRIC plugs and receptacles.

Our Wisconsin manufacturing plant is open and ready to build safe and reliable MELTRIC devices for your needs. In addition to our signature Switch-Rated devices, MELTRIC offers rugged and easy-to-operate high amperage plugs and receptacles for 250-600A applications.

Most orders ship within 48 hours!

Mission-critical equipment won't wait. Why should you? Call MELTRIC.

To order MELTRIC plugs and receptacles, contact your local MELTRIC Representative or call MELTRIC Customer Service at 414-433-2700.
