

# DSP400 RECEPTACLE

316400N858P80

## SPECIFICATIONS

400 A

480 VAC

IP66/IP67/IP69/IP69K

|                                  |                                               |
|----------------------------------|-----------------------------------------------|
| Rated Current (A)                | 400 A                                         |
| Rated Voltage (V)                | 480 VAC                                       |
| Contact Configuration            | N                                             |
| Auxiliary Contacts               | +2 AUX                                        |
| Environmental Rating             | IP 66/67/69<br>IP 69K                         |
| Impact Rating                    | IK09                                          |
| Material                         | POLY                                          |
| Product Color                    | BLUE                                          |
| Minimum Operating Temperature    | -40F<br>-40C                                  |
| Maximum Operating Temperature    | 140F<br>60C                                   |
| Wiring Capacity - Phase Contacts | 1/0 AWG – 600 MCM<br>LUG TERMINAL             |
| Option(1)                        | PADLOCK PAWL                                  |
| Option(2)                        | SELF-RETURNING LID                            |
| Accessory Size                   | 4                                             |
| Base Drawing Number              | <a href="#">316400x.PDF</a>                   |
| Catalog                          | <a href="#">meltric-catalog-dsp400-en.pdf</a> |
