## Part Number Change Announcement

### CE DEVICE PART NUMBER DASH REVISION

MELTRIC® announces a part number revision of IEC/CE devices and accessories of the following series: **RETTBOX® S, CS1000, SP, DSP400, DX1, DX3, DX6, DX9, DXN1, DXN3, DXN6, PNCX, PXN12c, DXN25c /DXN37c, SPeX**. This product part number change announcement serves as a notification that the aforementioned MELTRIC device and accessory dashes are removed, effective **December 19, 2024**. This change is being made to align the IEC/CE international part numbers with the numbering convention of our international division, Marechal Electric.

The provided catalog page link list serves to clarify information regarding dash elimination per device type.

<b>RETTBOX® S</b>	<b>DXN1</b>	<b>DX1</b>	<b>PNCX</b>
<b>CS1000</b>	<b>DXN3</b>	<b>DX3</b>	<b>PXN12c</b>
<b>SP</b>	<b>DXN6</b>	<b>DX6</b>	<b>DXN25c /DXN37c</b>
<b>DSP400</b>		<b>DX9</b>	<b>SPeX</b>

### FAQS

#### **Does the dash removal affect the North American configuration of CS1000, DXN1, DXN3, DXN6, and SP devices?**

No, the dash removal doesn't affect the North American configuration part numbers associated with the CS1000, DXN1, DXN3, DXN6, and SP devices.

#### **Will the part number change affect the availability of the devices?**

No, the revision is designed purely for ease of identification and does not impact the availability of the devices. MELTRIC believes in constant improvement and enhancing the customer experience by providing an ordering system that is intuitive.

#### **Are there any changes to the design or functionality of the devices?**

No, this change only affects the removal of dashes. The devices maintain their same high quality, features, and specifications that you expect from MELTRIC.

#### **Will the part number change affect the pricing of the devices?**

No, there will be no changes to pricing as a result of this dash removal. MELTRIC is committed to offering electrical devices that are competitive and priced affordably.

#### **Does the part number change affect the lead times of the devices?**

No, MELTRIC's industry-leading delivery times remain unchanged by this update. MELTRIC is proud to offer industry leading delivery times of its full line of plugs and receptacles.

Thank you for your continued support of MELTRIC. We are committed to providing you with top-quality products and a seamless ordering experience.
